

HOUSE AGRICULTURE COMMITTEE
FEBRUARY 28, 2006
ROOM 519 HOUSE OFFICE BUILDING

FROM: SERVICE STATION DEALERS ASSOCIATION OF MICHIGAN

RE: HB 5751 – 5755 and HB 5181

SSDA is neutral on the package of bills, but does have a concern that currently, MDA does not inspect diesel fuel for quality or pump correctness. If, in the future, additional revenue should be required to fund such a program, SSDA feels strongly that such revenue should not come from service station operators who fund the current gasoline inspection program.
